

## **PACE Launches New Ritz-Carlton Show Residences at MahaNakhon: includes 'Sky Residence Zone' on 58<sup>th</sup> Floor**

**Bangkok, 1 August 2017** – PACE Development Corporation Plc., the developer behind MahaNakhon mixed-use development, is unveiling 4 unique show residences at its super-luxury Ritz-Carlton Residences, presenting the style and elegance of Thailand's tallest tower.

“Following completion of exterior construction celebrated last year with our Night of Lights event, we have been focused on interior fit out for the development including The Ritz-Carlton Residences, which are located on floors 23-73 of the tower,” said Sorapoj Techakraisri, PACE CEO. “Owners already started moving in since June this year, and so as part of our strategy for selling the final remaining 25%, we have decorated 4 new show residences, exemplifying the elegance and extravagance of MahaNakhon.”

The 4 new show residences range from 2-4 bedrooms, located on a variety of different floors to showcase the unique scenic views of the city at each level in each direction, decorated in 4 different styles. Partnering with Chanintr Living, the team is in charge in decorating and furnishings for 3 show residences, with the 4<sup>th</sup> residence decorated by the PACE Interior Design team.

“Our show residences reflect the architecture and timeless style of The Ritz-Carlton, to present how a space might be decorated,” explained Sorapoj. “To meet the requirements of each client, we are able to provide both fully-fitted residences, as well as ready-to-move in fully furnished residences in each of these 4 styles, for convenience, simplicity and ease of mind.”

The highlight Sky Residence is 343 sq.m., located on the 58<sup>th</sup> floor. Sky Residences feature higher 3.4 meter ceilings and larger spaces, located 216 – 300 meters above the city, making them the highest residences in Bangkok today, with truly incomparable views.

Remaining Ritz-Carlton Residences are sold freehold, ready to move in, and start from 140 sq.m. and 65 MB. As a result of the pixelated architecture, many homes are literally one-of-a-kind, with every Residence located on a high floor, starting from floor 23. Part of the iconic MahaNakhon
